

Carl McLawhorn Memorial Fly-Off 5

- NAR National Rocketry Competition (NRC) Events
 - CMMF Meet Championship
 - Records Trial (Theodolites Available)
- Sport & HP Launch, Up To K Motors (5,000 AGL)

October 21-22, 2017

9am-5pm Saturday, 9am-2pm Sunday

Hosted by: PSC #473 Pittsburgh Space Command

Location: Weber Farm - 595 Tie Line Road, Grove City, PA

* Meet Championship Events:

Predicted Dur. (Any Semroc Kit), B Superroc Dur., B Eggloft Dur.,
C Cluster Altitude w/Altimeter, E Streamer Dur.

* Meet Championship Scoring:

One division of competitors - individuals and teams will be combined (teams do not need to be registered and can be different from your NRC flights).

We will use the new sporting code scoring system for each event.

Total score will be the sum of the predicted duration event and the best score from 2 of the other 4 events (3 out of 5 total events).

The predicted duration event will be used for any ties.

* NRC Events and Records Trial:

Eggs will be provided but competitors will need to provide their own payloads and altimeters.

*Come join us in some friendly competition or
bring a few sport rockets and come check it out.*
